Information Required when completing the Entry Form

You only need to complete one copy of the entry form

The Entry Form is to be used for all entries – wine and beer. To assist in the processing of entries could 'like' entries be grouped together *e.g.* wine entries, then beer entries in that order

Please use the guide below to assist in completing your entry information accurately. Optional information is intended to help entrants identify a particular entry and will only be included in the entrant's report.

If you have more than 30 entries, copy the form and change the entry numbers by hand.

Beer entries should enter the following codes under "Vintage/Method" to indicate how the beer was made:

K	Kit
MK	Modified Kit
F	Full Mash
PM	Partial Mash

The blind tasting process ensures that the judges do not see this information.
